12 weeks

4 months

“Capone” born a black, though showed color, he will produced blacks if the female carries the black factor.

Slow in maturing he has a very outreaching side gait and a powerful rear drive, with a strong back. He has good bone, strong feet and pasterns. He had good temperament, but not bold, that is what made him good around livestock.

Capone is Dallas free and would be a good cross for those lines. He has produces well with line that carry GV Ch Mar Haven's Color Guard ROM

Herding

Completed his HSAs title & earned High Scoring Champion in trial at the GSDA 2010 National

Reserve High in Trial at the GSDA 2012 National
