

Kris-T Females from the Past

Past Female Champions

Ch Kris-T's Classee v Wyne-Tre

**Finish championship in
1980**

“Tracie” was my first home bred champion. She was sired by DeBrut’s Bossman of Westwood CDX owned by Lori Nickson and Avon C Germaine. Who was by Luau v Celler Schloss a male from the famous Ch Falko v Celler Schloss x Robin of Nikral breedings.

Pictured here winning Group 1 for a 5 point major handled by myself.

Ch DeBrut’s Kiss Me Kate of Kris-T

**Finish championship in
1982**

“Kd” was purchased from Lori Nickeson and was the only dog that I purchased that I was able to finished. It seems I can breed better than I can buy. She finished at 61/2 after 4 litters.

Ch Kris-T's Q'Tia

**Finish championship in
1992**

“Tia” was a daughter of Valmy Winterwood Gold Digger ROM. She was following in her Mother footsteps and did produced 3 Champions, unfortunately her daughter Kris-T's Tulsa never did obtain a major reserve. All of my current dogs are down from the Ch Ritchie and Ch Tia cross, thru Ch Kris-T's Walk The Line and Kris-T's Tulsa. Tia was a member of GSDCA 13th club.

Int. Ch Amber's Deeva

**Finished International
championship in 2002**

“Deeva” was purchased from Barbara Amidon of Amber kennels. Even though she wasn't shown, she proved her value in the breeding program. In one litter sired by Ch Kris-T U Walk The Line she produced Ch Kris-T's Younger and Ch Kris-T's Yaquina. Deeva was a member of GSDCA 13th club.

Int & Can Ch Kris-T's Willow-B v Encore

Finish championship in
2002

“Willow” was sired by Ch Sadona Lucky Boy out of Kris-T's Tulsa.

Bred twice first to:

Sel Ch Lindenhill's Haybusa ROM — produced the beautiful Ch Kris-T's Zahara CD

Second litter was by:

Ch Kris-T's Younger who gave me Kris-T's Autumn Grace and when “Gracie” was bred to
Ch Kris-T's Chicago we got Ch Kris-T's Chicago Bootlegger

Willow was a member of GSDCA 13th club and passed at the age of 13 1/2.

BIS Int & RBOF Kris-T's Zahara CD

“Sara” had everything you would want in a female, bone; movement; temperament;
with a great willingness to please. She only had only one litter sired by:

GV Scher-Lo's Rogue of Karizma ROM and produced:

Int'l/Can/Am Ch Kris-T's Capone CGC PT HSAs HRDI

Capone progeny are now carrying on the Kris-T legacy.

Can Ch & BISS Am Ch Kris-T's Yaquina

**Finish championship in
2006**

“Quina” was a littermate to Ch Kris-T's Younger.

**Bred only once, but unfortunately we were never able to get her in whelp again.
None of her puppies in this litter made it into the ring, but they are great family
companions with the sweetest and most loving temperament.**

Register of Merit dams

Kris-T's Caliente v DeBrut CDX ROM

“Callie” was my first Register of Merit, from my third litter. She was given to Lori Nickeson of DeBrut German Shepherds in exchange for a puppy from her first litter. Under Lori’s direction she was bred to Ch Kubistraum’s Kane ROM and from that one litter she obtained her ROM title and I got DeBrut’s Kris-T’s Special Ter-R, Terra was the dam to my first home bred Ch Kris-T’s Grant of Ter-R CD Later Lori placed her with Lucille Crosby.

Valmy Winterwood Gold Digger ROM

THE NEW BEGINNING!

Thanks to Barbara Amidon of Amber German Shepherds for selling the beautiful....Espree!
Shown only a few times, she found the conformation ring boring picking up a few points. But she loved being a mother, producing four Champions:

Ch Kris-T's LaMar

**Sired by:
Ch Kris-T's Grant of Ter-R CD**

Ch Kris-T's Ovante

**Sired by:
Ch Garr's Gideon**

Ch Kris-T's Q'Tia

**Ch Kris-T's Quincy of
Spring Valley CD**

**Sired by:
Ch Nike-Clayfield's Andretti
ROM**

Other females from the Past

Kris-T's Jola v Rogue UD

“Jola” was bought with the idea she would be a great show dog, but I found out, as so many do, that this was not going to be the case. However, she proved her value in teaching me about this great breed.

I developed a lot of my skills training her to her Utility title. When you have a dog with the level of her intelligence you soon understand not all dogs have the same trainability.

Kris-T's Time To Remember

“Amber” bred by Barbara Wood, a long time friend who influenced me to buy a German Shepherd in 1969. Barbara over the years has purchased several puppies from me and Amber was the promised puppy in return.

She would greet each guest as a welcome friend but would make sure they know that she would be watching. She proved to be a great Mom and a wonderful companion. She had great patience's with her puppies and continued to teach them even when they became adults.

She was bred to **Ch Kris-T's Ovante** which produced **Ch Kris-T's Rich Reward** who is a male that when bred to **Ch Kris-T's Q'Tia** produced 3 champions.

Kris-T's Tulsa

**“Tulsa” waiting for her brothers to finish she didn’t begin her show career until four.
Shown only a few times she did pick up 4 points.
Deciding to breed her rather than continue showing; in her only litter she produced the
beautiful...Int/Can Ch Kris-T’s Willow-B v Encore.
After her litter she re-entered the breed ring to try for a major reserve so her mother...
Int/Can/Am Ch Kris-T’s Q’Tia could obtain her GSDCA ROM.
Unfortunately it didn’t happen, but her brother Int/Am Ch Kris-T’s U Walk the Line and
Tulsa’s grand daughter, Int/Can Ch Kris-T’s Willow-B v Encore did carried on the legacy.**
